

Genetic testing should be affordable and accessible. At Invitae, we believe in ethical and transparent billing. We offer multiple billing options and have an exceptional Client Services team ready to work with you.

**\$100**  
OUT OF POCKET

Typically patients pay no more than \$100 out of pocket for one of our tests

**\$1500**  
LIST PRICE

The most Invitae will ever bill an insurance company or institution is \$1500 per clinical area

**\$475**  
PATIENT PAY

If preferred, patients have the option to pay \$475 per clinical area

*Please see below for details on Invitae's billing options for our single-gene and panel tests.*

## INSURANCE BILLING

Invitae can bill insurance directly for panel tests; please visit [www.invitae.com/in-network-partners](http://www.invitae.com/in-network-partners) for a list of insurance companies that have brought Invitae in-network. You won't need to contact your insurance company; Invitae will work directly with them to coordinate coverage and payment.

### Out-of-pocket expenses

Regardless of whether our laboratory is in-network or out-of-network with your insurance provider, Invitae is committed to making genetic testing affordable. Typically patients pay no more than \$100 out of pocket for one of our tests. If you receive a bill for more than \$100, please call our billing experts at 800-436-3037 for access to patient programs.

## PATIENT PAY

If preferred, you have the option to pay \$475 per clinical area for panel testing. To take advantage of this pricing, you must submit payment upfront and in full before testing begins. In addition, you must agree to create an online Invitae account and set contact preferences. The patient-pay option does not allow Invitae to submit claims to your insurance company. It also does not allow Invitae to apply financial assistance programs.

## MEDICARE BILLING (RESTRICTIONS MAY APPLY)

Medicare beneficiaries may be eligible for Invitae panel testing when specific criteria are met. These criteria are based on Medicare's current criteria as well as clinical practice guidelines from professional organizations. Our patient-pay option is available for those outside of these criteria.

## PATIENT ASSISTANCE PROGRAM

Invitae is committed to making genetic testing affordable and accessible by removing financial and logistical barriers. Our Patient Assistance Program (PAP) is available to patients in the US who undergo testing with Invitae and meet income criteria. Please contact Client Services to learn more about our interest-free payment plans and financial assistance program.

## EXPLANATION OF BENEFITS

The most Invitae will ever bill an insurance company or institution is \$1500 per clinical area—considerably lower than most other genetic testing providers. In many cases the amount will be lower due to contracts between Invitae and the insurance company.

This amount will be reflected on your “explanation of benefits” letter. If you receive such a letter from your insurance company for an Invitae genetic test, please know that it is not a bill. Invitae will also receive this letter and will handle any appeals processes.

## MORE INFORMATION

If you have questions about Invitae’s payment options, our Client Services team is available to help. You can reach them at [clientservices@invitae.com](mailto:clientservices@invitae.com) or 800-436-3037. Additional information can also be found at [www.invitae.com/patients](http://www.invitae.com/patients).

This flyer describes billing options for Invitae’s single-gene and panel tests. To see billing options for Invitae’s exome tests, please visit [www.invitae.com/exome](http://www.invitae.com/exome).
