

Genetic testing should be affordable and accessible. At Invitae, we believe in ethical and transparent billing. We offer multiple billing options and have an exceptional Client Services team ready to work with you.

For a flat price, your healthcare provider can order testing on any number of genes within a single clinical area. (For example, hereditary cancer is a clinical area, as are cardiology and pediatric genetics.)

**\$100**  
OUT OF POCKET

Typically patients pay no more than \$100 out of pocket for one of our tests

**\$1500**  
LIST PRICE

The most Invitae will ever bill an insurance company or institution is \$1500 per clinical area

**\$250**  
PATIENT PAY

If preferred, patients have the option to pay \$250 per clinical area

## INSURANCE BILLING

Invitae can bill insurance directly for panel tests; please visit [www.invitae.com/in-network-partners](http://www.invitae.com/in-network-partners) for a list of insurance companies that have brought Invitae in-network. We also accept Medicare and Medicaid. You won't need to contact your insurance company; Invitae will work directly with them to coordinate coverage and payment.

### Out-of-pocket expenses

Regardless of whether our laboratory is in-network or out-of-network with your insurance provider, Invitae is committed to making genetic testing affordable. For testing related to a personal or family history of breast, ovarian, colorectal, or uterine cancer (also referred to as HBOC and Lynch syndrome), Invitae offers an out-of-pocket cost estimator, accessible at [www.invitae.com/patient-billing](http://www.invitae.com/patient-billing). Typically patients pay no more than \$100 out of pocket for one of our tests. If you receive a bill for more than \$100, please call our billing experts at 800-436-3037 for access to patient programs.

## PATIENT PAY

If preferred, you have the option to pay \$250 per clinical area for panel testing. To take advantage of this pricing, you must submit payment upfront and in full before test results are released. In addition, your clinician must place the order online and provide your e-mail address. The patient-pay option is available as a prepaid option only and does not allow Invitae to submit claims to your insurance company. It also does not allow Invitae to apply financial assistance programs.

## PATIENT ASSISTANCE PROGRAM

Invitae is committed to making genetic testing affordable and accessible by removing financial and logistical barriers. Our Patient Assistance Program (PAP) is available to patients in the US who undergo testing with Invitae and meet income criteria. Please contact Client Services to learn more about our interest-free payment plans and financial assistance program.

### EXPLANATION OF BENEFITS

The most Invitae will ever bill an insurance company or institution is \$1500 per clinical area—considerably lower than most other genetic testing providers. In many cases the amount will be lower due to contracts between Invitae and the insurance company. If you pay coinsurance (a percentage of costs of a covered healthcare service), that means your payment will also be less than another laboratory—whether they are in-network or out-of-network.

The amount Invitae bills your insurance company will be reflected on your “explanation of benefits” letter. If you receive such a letter from your insurance company, please know that it is not a bill. Invitae will also receive this letter and will handle any appeals processes.

### MORE INFORMATION

If you have questions about Invitae’s payment options, our Client Services team is available to help. You can reach them at [clientservices@invitae.com](mailto:clientservices@invitae.com) or 800-436-3037. Additional information can also be found at [www.invitae.com/patients](http://www.invitae.com/patients).

This flyer describes billing options for Invitae’s single-gene and panel tests. To see billing options for Invitae’s exome tests, please visit [www.invitae.com/exome](http://www.invitae.com/exome).
