

This requisition form can be used to submit a specimen for the Behind The Seizure™ program, a complimentary Invitae Epilepsy Panel U.S. testing program brought to you by BioMarin Pharmaceutical Inc., Stoke Therapeutics, Xenon Pharmaceuticals, and Invitae Corporation. Please confirm that the patient meets the eligibility requirements for the program. To submit orders for genetic testing outside of this program, please order through Invitae's online portal or use a standard requisition form, accessible at [www.invitae.com/order-forms](http://www.invitae.com/order-forms).

**PROGRAM ELIGIBILITY:**

Any child up to 60 months old who has had an unprovoked seizure.

**Suspicion of genetic basis of epilepsy**

Clinical diagnosis or suspicion of a specific syndrome or disorder. Please specify:

Y = test performed and/or medical history taken AND material finding reported; N = test performed and/or medical history taken AND no material finding; Unknown = not in medical record and/or test not performed

**RE-REQUISITION**

Invitae offers one re-requisition at no additional charge within 90 days for genes related to the original clinical area. For more information and to request online, please visit [www.invitae.com/re-requisition](http://www.invitae.com/re-requisition).

**FAMILY VARIANT TESTING**

Behind the Seizure offers no-charge Family Variant Testing in CLN2 (TPP1) for siblings of patients tested within 90 days. In such cases, please use the Family Variant Testing requisition form (TRF927), available at [www.invitae.com/behindtheseizure-family](http://www.invitae.com/behindtheseizure-family).

**PRELIMINARY-EVIDENCE GENES**

Invitae's primary panels contain genes for which there is definitive evidence that variants in these genes cause specific diseases. Preliminary-evidence genes are genes for which there is only early evidence of a relationship between variants in these genes and specific diseases. All preliminary-evidence genes are indicated as such on the requisition form below.

**ASSAY**

Invitae is a CAP-accredited and CLIA-certified clinical diagnostic laboratory performing full-gene sequencing and deletion/duplication analysis using next-generation sequencing technology (NGS). Search for details on the analysis of any gene in our test catalog at [www.invitae.com/physician/search](http://www.invitae.com/physician/search).

*Invitae continually updates its panels based on the most recent evidence. Please note that if an order is placed using an older version of this form, Invitae reserves the right to upgrade any ordered panel(s) to the current version(s).*

By signing this form, the medical professional acknowledges that the individual/family member authorized to make decisions for the individual (collectively, the "Patient") has been supplied information regarding and consented to undergo genetic testing, substantially as set forth in Invitae's Informed Consent for Genetic Testing ([www.invitae.com/patient-consent](http://www.invitae.com/patient-consent)) and in connection with the Behind the Seizure program, and has been informed that Invitae may notify them of clinical updates related to genetic test results (in consultation with the ordering medical professional as indicated). The medical professional warrants that he/she will not seek reimbursement for this no-cost test from any third party, including but not limited to federal healthcare programs. The medical professional also hereby acknowledges that organization and clinician contact information provided in the order may be shared with third parties, including BioMarin Pharmaceutical Inc., Stoke Therapeutics, and Xenon Pharmaceuticals, that may contact the medical professional directly in connection with the Behind the Seizure program, and that they have made the Patient aware that third parties, including BioMarin Pharmaceutical Inc., Stoke Therapeutics, and Xenon Pharmaceuticals, may contact their medical professional regarding de-identified information gathered through the program. In addition to the above, I attest that I am the ordering physician, or I am authorized by the ordering physician to order this test, or I am authorized under applicable state law to order this test.
