

This requisition form can be used to submit an order for the **Detect Hereditary Prostate Cancer program**, a sponsored testing program for hereditary prostate cancer.

INSTRUCTIONS: Review the ordering options and then complete all sections of this form. Your ordering option will be indicated in the test selection section.

ORDERING OPTIONS

1. DETECT HEREDITARY PROSTATE CANCER PROGRAM

For individuals that meet the eligibility criteria below and wish to receive the program specific genetic testing panels.

REQUIRED: You must select below the appropriate eligibility criteria for this patient.

This program is available to males in the U.S. and Canada with prostate cancer risk group or stage (please select all that apply):

- | | |
|--|--|
| <input type="radio"/> Gleason 6 or less – age at diagnosis 55 or under AND clinically suspected low risk | <input type="radio"/> Stage IIa, age at diagnosis 55 or under |
| <input type="radio"/> All Gleason 7 or greater at any age | <input type="radio"/> Stage IIb or IIc at any age |
| <input type="radio"/> All metastatic patients | <input type="radio"/> Stage III at any age |
| <input type="radio"/> Gleason undetermined, suspected low risk (stage IIa) or above at any age | <input type="radio"/> Stage IV, including metastatic, at any age |

2. GENE-SPECIFIC FAMILY FOLLOW-UP TESTING

For relatives of program participants who received a Pathogenic/Likely Pathogenic result or approved VUS who want to receive gene specific family follow-up testing at no additional cost. Relatives do not need to meet the eligibility criteria listed above. Learn more at www.invitae.com/family.

CLINICAL HISTORY

FAMILY HISTORY

Is there a family history of disease for which the patient is being tested? Yes No If yes, describe below and attach pedigree and/or clinical notes.

Relative's relationship to this patient	Maternal or paternal	Diagnosed condition	Age at diagnosis	Relative's relationship to this patient	Maternal or paternal	Diagnosed condition	Age at diagnosis

PERSONAL HISTORY

Is/was this patient affected or symptomatic?† Yes No
 Provide details in the required clinical history questions (if applicable).

† Symptomatic means this patient has features or signs known or suspected to be related to the genetic testing being ordered and could include findings on physical examination, laboratory tests, or imaging.

 2. GENE-SPECIFIC FAMILY FOLLOW-UP TESTING *For relatives of a program participant ("proband") who received a Pathogenic/Likely Pathogenic result or approved VUS.*

Proband's Invitae Order ID: RQ# _____	This patient's relationship to proband: <input type="radio"/> Parent <input type="radio"/> Sibling <input type="radio"/> Grandchild <input type="radio"/> Child <input type="radio"/> Other: _____	Gene(s) to be tested in this patient:
---	---	--

NOTE: The presence or absence of all variants identified in the proband for the gene(s) ordered for gene-specific family follow-up will be commented on in this patient's report unless a limited selection is specified in the **Requested Variants** section above. Invitae will report any Pathogenic/Likely Pathogenic variants found in this patient for the gene(s) ordered.

Invitae continually updates its panels based on the most recent evidence. If an order is placed using an outdated test requisition form, Invitae reserves the right to upgrade ordered tests to their current versions. Test IDs containing add-on codes will include the original panel as well as the add-on.

By signing this form, the medical professional acknowledges that the individual/family member authorized to make decisions for the individual (collectively, the "Patient") has been supplied information regarding and consented to undergo genetic testing, substantially as set forth in Invitae's Informed Consent for Genetic Testing (www.invitae.com/forms). In connection with the Program the Patient has been informed that Invitae may notify them of clinical updates related to genetic test results (in consultation with the ordering medical professional as indicated) and has been informed that de-identified Patient data may be used and shared with third parties, for research and commercial purposes and, in the U.S., to contact their medical professional. For orders originating in Canada, the Patient has been informed that their personal information and specimen will be transferred to and processed in the U.S. and that de-identified Patient data may be used and shared for research and commercial purposes in the U.S. The medical professional warrants that he/she will not seek reimbursement for this no-charge test from any third party, including but not limited to federal healthcare programs. The medical professional also hereby acknowledges that organization and clinician contact information provided in the order may be shared with third parties, including commercial organizations, that may contact the medical professional directly in connection with the Program, and that they have made the Patient aware that de-identified Patient data may be used and shared with such third parties, for purposes which include contacting their medical professional directly in connection with the Program. A list of third party partners may be provided upon request. I attest that I am authorized under applicable state law to order this test.
